

- Q1.** Regarding Section 3.2 on page 16, there is the following statement:
Vendors must attest that they will meet all of the requirements identified below, in order to be considered for a contract.
Regarding Section 3.3 on page 17, there is the following statement:
Vendors must attest that they will provide all of the services identified below, in order to be considered for a contract.
In the Proposed Vendor Response, where should those attestation statements be included?
- R1.** Vendors must attest to provide all of the services identified under both Sections 3.2 and Section 3.3. Vendors must include attestation statements in the service delivery section of their responses.
- Q2.** Regarding Section 3.0 on page 15, the RFP states: Children with significant substance abuse needs, which require intensive treatment, are also eligible.
Is it the expectation of the Department that the provider offer extensive substance abuse treatment or is the intent that only youth with a secondary substance abuse diagnosis will be served under this RFP?
- R2.** Youth who have secondary substance abuse issues can be served. Intensive substance abuse treatment is not covered by this RFP.
- Q3.** Regarding Section 3.0 on page 15, the RFP states: Note: All Placements in facilities categorized as Intensive will require prior approval of State DHR, Family Services & have a completed certificate of need.
Is a Form 2188 required for placement under this contract or is there another procedure by which the provider can ensure state approval has been obtained by the referring Social Worker?
- R3.** The 2188 is for use in this case of an emergency placement, and requires approval through the Resource Management Division. All intensive placements must also have the concurrence from the Child Welfare Consultation Office in the Family Services Division (SDHR).
